This is a great time to start using that backpack to transport binders, folders, books, and their Chromebook to and from school. Backpacks are to be kept in lockers during the school day.

Large Trapper Keepers or zippered binders are NOT RECOMMENDED. These have NOT PROVEN to keep students more organized. We have found they overwhelm students, and there is not enough room for notes, assignments and notebooks for all classes.

Tissues, Clorox wipes, etc. are always welcome as donations to all classrooms. Thank you for thinking of us!
